

PROGRAM

Dutch Ideas for Delaware May 2, 2019

8:00–8:45AM

Check-In

8:45–9:20AM

Welcome

*George Meldrum, AARP and Nemours
Senator Elizabeth “Tizzie” Lockman, Delaware State Senate
County Executive Matt Meyer, New Castle County*

9:20–10:20AM

The Road to Becoming a Cycling Nation Lessons in Collaboration from the Netherlands

*Sjors van Duren, Cycling Consultant, Royal HaskoningDHV
Chris Bruntlett, Marketing & Communication Manager Dutch Cycling Embassy*

Here’s the big question. The first question. The most important question. How did the Netherlands become the world’s #1 cycling country, where most short trips by most people are accomplished using a bicycle?

See page 13 for guidance for obtaining PDHs for Professional Engineers or CMs for Certified Planners.

10:20–10:45AM

Networking Break

10:45–11:45AM

Building a Solid Foundation for Cycling The Role of Government in Developing Policy

Eric van Dijk, Policy Advisor for Cycling Traffic, Province of Utrecht

The American State of Delaware (~1 million people spread out over 2,000 square miles) is surprisingly similar in population and size to the Dutch Province of Utrecht (~1.4 million people spread out over ~600 square miles). What can Delaware learn from Utrecht?

See page 13 for guidance for obtaining PDHs for Professional Engineers or CMs for Certified Planners.

11:45AM–12:45PM

Lunch/Networking

*Catered by La Baguette
Quiche, Crab Cakes, Beef Bourguignon Sandwich and Roasted Chicken*

12:45–1:00PM

The Golden Bicycle Helmet

Secretary Jennifer Cohan, Delaware Department of Transportation

PROGRAM

1:00–2:00PM

The Key Elements of Safe Cycling International Best Practices for Designing Infrastructure

*Wim van der Wijk, Traffic Engineer, Royal HaskoningDHV
Sjors van Duren, Cycling Consultant, Royal HaskoningDHV*

With enormous effort and at significant cost and over more than four decades, the Dutch developed and built the safest and best bicycle infrastructure on the planet. The challenge now is to implement the lessons the Dutch have learned.

See page 13 for guidance for obtaining PDHs for Professional Engineers or CMs for Certified Planners.

2:00–2:10PM

Networking Break

2:10–3:45PM

Technology Transfer Panel Discussion

Moderator: Mark Luszcz, Chief Traffic Engineer, Delaware Department of Transportation

Can cycling in Delaware become a more mainstream transportation choice, as it is in the Netherlands? If so, what steps can Delaware take to start catching up?

Panelists

Eric van Dijk, Policy Advisor for Cycling Traffic, Province of Utrecht

Sjors van Duren, Cycling Consultant, Royal HaskoningDHV

Peter Furth, Professor of Civil Engineering, Northeastern University

Wim van der Wijk, Traffic Engineer, Royal HaskoningDHV

Chris Bruntlett, Marketing & Communication Manager Dutch Cycling Embassy

See page 13 for guidance for obtaining PDHs for Professional Engineers or CMs for Certified Planners.

3:45PM
